

[nobility]

Aesthetics in its purest form.

*This sofa lives up to its name. A nice **curved** seam contour supports the armpart shape elegantly and discreet. The seams can develop into a real eye-catcher as a result of the contrasting coloured thread. Filigree metal legs in different shades allow you to choose from two **seat heights** - according to your personal wishes.*

base leg

W.SCHILLIG

Contrasting thread

In some leather colours this model can be supplied with contrasting-colour thread at the front and the back of the armpart, at no surcharge.

**Metal colours for legs**

Some legs can be ordered in high-gloss chrome-, silver-, bronze- or black-coloured. Please indicate when ordering.

**Curved seam course**

This model is equipped with a nice, curved seam course in the armpart.

**Order information****Back sides of sofas:**

All pieces are genuinely upholstered at the back.

Positioning diagram:

Please send us a positioning diagram, depending on the amount of different variations available. We have marked the connecting sides in red for end elements in the type guide.

Base leg Z:

If elements and sofas with or without an armpart are to be attached directly to elements or sofas with or without an armpart, a base leg Z is required. The base leg must be ordered separately. See price list.

Connecting sides:

For a surcharge, the connecting sides can be supplied in the original cover instead of stretch fabric.

Seam appearance:

Decorative, felled or double seams may appear different in fabric and leather versions. For manufacturing reasons, seams may be left out of the fabric version or replaced with simple seams.

Contrasting thread:

In some leather and fabric colours, this model can be supplied with a contrasting coloured thread, at no surcharge. The colours as given can be found on the main sheet of each leather quality in the fabric/leather wagon. Please always specify the contrasting thread number or tonal colours will be supplied.

All of the dimensions given are approximate dimensions in cm. We reserve the right to make changes. Dimensions are given as follows: width/depth/height/seat height.

The measures refer to the leg height ca. 17 cm.

Measurements of the corner combinations:

With this model the seat of the corner sofas with ottoman rises approx. 2 to 3 cm into the connecting side. Therefore other total measures occur by pure addition of the article measurements. Please note.

Seat depth: approx. **58 cm**

Seat depth one arm chaise: ca. **122 cm**

Crease formation:

Fabric and leather stretch to a lesser or larger extent under the influence of body weight, which can lead to the formation of creases in the cover. This visual change does not affect use, function and life span and it is not a defect.

Upholstered furniture frame structure

1. **Frame** – Beech wood structure
2. **Seat suspension** with permanently elastic wave springs
3. **Seat upholstery structure** – spring core with diolen cover incorporated into ergo-PUR-foam
4. **Back suspension** due to upholstery strap
5. **Back upholstery structure** of ergo-PUR-foam with diolen cover

The design of the cross section shown here does not correspond to the model on this page of the catalogue.

Upholstered furniture made with passion.

Your model is the product of German design and engineering. The family-owned company W.SCHILLIG has more than 70 years' experience of technical skill, trend-setting ideas, attractive design and know-how from Germany. The result is upholstered furniture that guarantees first class comfort and attention to detail. We keep sustainability and protection of resources in mind when choosing the materials we use.

The RAL quality mark for furniture stands for the certain knowledge that this is a non-hazardous piece of furniture of reliably high quality and with an attractive design. The Deutsche Gütegemeinschaft Möbel makes sure of this with numerous tests. Inspections also safeguard the testing system.

The highest European accolade for systematic, in-house, environmental management. Improvement of environmental protection services.

Legs

Leg and seat heights:

Due to different leg heights, the model is available in different seat and total heights. The leg design has to be indicated.

Metal colours:

All legs are available in different metal colours. Please indicate when ordering.

Powder-coated:

The colours M21 silver, M56 bronze and M99 black are powder-coated.

Legs and floor protection:

In case of very slender furniture legs with deliberately filigree shapes and with small surfaces, it comes to a raised pressure on the floor. We recommend felt pads or another suitable mat as protection for scratches and pressure points in connection with sensitive and/or soft floors. Even if you barely move the furniture, it can be helpful to have a carpeted floor.
